

VESSEL OWNERS WAIT RESULTS

Believe That President Of Longshoremen Will
Declare The Strike Off.

HE IS MAKING AN INVESTIGATION

Tie-Up Of Lake Traffic Is Also Working Injustice To All
Lines Of Trade Throughout
The Country.

[BY ASSOCIATED PRESS.]

Cleveland, O., May 8.—It has been practically settled by the dock managers that they will not attempt to replace the striking longshoremen with outside help until President Keefe of the longshoremen's organization can complete his investigation of the mates' union. The vessel men believe if Keefe ascertains the real facts in the case he will call the strike off as soon as a conference can be arranged. They say Keefe, as well as the longshoremen, has been deceived as to the number of men in the mates' union.

Other Reports

Reports from almost all the ship-

ping points on the lake show that the strike is causing serious inconvenience to almost every industry that is dependent upon lake traffic. It may also mean a great loss of traffic that will be shipped later in the season. The mining districts in northern Wisconsin will practically stop operations until the strike is settled.

Some Importations

There have been some importations of foreign labor from Canada to make up crews to start boats at present tied up by the strike, but the general sentiment is that the strike will be declared off in a few days when the real facts are discovered.

DISCOVER PLOT FOR OFFICIAL'S MURDER

San Domingo Has Anarchist As Well
As Russia—Plot for
Assassination.

[BY ASSOCIATED PRESS.]
San Domingo, May 8.—It became known today that the authorities on Sunday discovered a plot to assassinate President Caceres as he was leaving the theatre. Several arrests have been made.

COLORADO MINERS' TROUBLE AT PUEBLO

Two Men Are Injured And Two Sher-
iffs Beaten Up In Riot This
Morning.

[BY ASSOCIATED PRESS.]
Pueblo, Colo., May 8.—In a riot between striking smelter employees of the Pueblo smelter and several deputy sheriffs this morning, one striker was killed and two were seriously wounded. Two deputies were badly beaten.

DECIDED DEATH DUE TO SUICIDE

New York Broker Shot Himself and
Was Not Killed by the
Burglar.

[BY ASSOCIATED PRESS.]
New York, May 8.—The police officials who have been investigating the mysterious death of Charles L. Spier, the confidential agent of H. H. Rogers, who was found dead in his home in Staten Island yesterday, reported today the evidence indicated that Spier had committed suicide.

CHINESE PROVINCES SUFFER FROM FLOOD

Great Flood Causes Devastation to
Prosperous Community in
China.

[BY ASSOCIATED PRESS.]
Washington, May 8.—The state department today received the following cablegram from the American consul at Hankow, China: "An immense flood in Hunan province with great loss of life. All foreigners safe."

ARKANSAS MEDICAL SOCIETY.

[SPECIAL TO THE GAZETTE.]
Hot Springs, Ark., May 8.—Many prominent physicians and surgeons are in Hot Springs to attend the annual meeting of the Arkansas Medical Society, which began a three days' session today. Dr. S. M. Carrigan of Hope is the president of the society, and Dr. C. C. Stephenson of Little Rock the secretary. The treasurer is R. C. Thompson, M. D. of Pine Bluff. An interesting program has been prepared for the present convention, which is one of the most largely attended ever held by the society.

CATTLE SHOW AT CALGARY.

[SPECIAL TO THE GAZETTE.]
Calgary, Alta., May 8.—The three days' cattle show, auction sale and breeders' meeting has attracted a large number of stock raisers and dealers from all parts of the province. The large attendance gives promise of a most successful gathering. Several hundred head of high bred cattle, including Herefords, Angus, Galloways and Shorthorns, are to be disposed of at the sale. The conference of breeders is a no less interesting feature of the gathering and will be addressed by Professor Henry of Wisconsin university and several other well-known experts.

THREE STUDENTS TO BE WELL PUNISHED

Wisconsin Faculty Suspends and Ex-
pels Three Students
for Hazing.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 8.—The University of Wisconsin faculty held an anti-hazing session yesterday and handed out the following official announcements:

Dexter H. Witte of Waukesha, Wis., suspended indefinitely.
Hugh A. Harper of Madison, suspended until the end of the present school year.
Ewald O. Stiehm of Johnsons Creek, Wis., suspended until the end of the present school year.

The offense for which these suspensions were ordered was the recent violation of the anti-hazing rule, in which "escapade" a freshman, Joseph J. Pfiffner of Stevens Point, was painted with iodine, his hair shorn and his bunched body thrown into Lake Monona. As he was pulled out of the cold water at the university pier, he declared:

"I never thought I was better than you fellows."

Pfiffner was said to have complained that University of Wisconsin students and professors were "an uncultured lot." But there is reason to believe that rivalry in a recent freshman class election led to the hazing. Witte was a freshman crew man and president of the class. Stiehm is also a freshman and Harper is a junior.

SENATORS UNITE ON ALLISON'S MEASURE

Held General Conference in Which
All Republicans Take Part
This Morning.

[BY ASSOCIATED PRESS.]
Washington, May 8.—The conference in the senate yesterday which resulted in positive agreements on six propositions to be incorporated in the Allison amendment to the railroad bill were ratified today by an additional conference of senate leaders representing all the republican factions.

"WHITE BEAVER" WAS NOTED CHARACTER

Famous Old Indian Scout and Former
Mayor of La Crosse Died
in Texas Today.

[BY ASSOCIATED PRESS.]
El Paso, Tex., May 8.—Col. Frank D. Powell, the famous Indian scout known as "White Beaver," died of heart disease. Dr. Powell was a former mayor of La Crosse and was prominent among the Wisconsin Indians and also the Sioux. He has for some time been associated with "Buffalo Bill" in the management of his Montana ranches.

Ago With Idea of Peaceful
Settlement Lost.

[BY ASSOCIATED PRESS.]
Springfield, Ill., May 8.—The house today defeated the Dailley amendment to the primary election bill.

ANOTHER ASSASSINATION OF A PROMINENT RUSSIAN

Kieff the Scene of Brutal Murder of a
Former Official This
Morning.

[BY ASSOCIATED PRESS.]
Kieff, Russia, May 8.—General Count Alexis Pavlovich Ignatieff, formerly governor of Kieff, was assassinated here today.

Buy it in Janesville.

Mr. Public—Goodness! It's astonishing how quickly that basket is filled with my one-time favorite reading.

WILL REORGANIZE FOR BETTER WORK

Eightieth Annual Meeting of the Con-
gregational Home Missionary
Society.

[SPECIAL TO THE GAZETTE.]
Chicago, Ill., May 8.—The eightieth annual meeting of the Congregational Home Missionary Society, which began at Oak Park today, is regarded as one of the most notable meetings of the year, and one of the most notable in Congregational history. At this meeting the whole plan of Congregational home mission effort is to be changed. For a number of years there has been more or less friction between the state home missionary societies and the national organization, and this is now to be entirely done away with, it is said, by the adoption of a revolutionary constitution which will make the state societies the units in the national organization, instead of the individuals.

Under the proposed plan, which is regarded as almost certain of adoption at the meeting, the reorganized society will be controlled by a board of directors of twenty-one persons. Each of the fourteen constituent states, which are the self-supporting states, is to make one director, six directors will be chosen at large by the society and the president of the society will be a director. In each of the constituent states there is a state home missionary society which will have the naming of a director for that state, thus giving the state societies the control of the national organization. States in which the Congregational churches are not self-supporting, but which have strong missionary societies, are to be called cooperative states. All the rest of the country is to be considered as missionary districts. The new plan not only changes the control of the national society, but it assures it an income, which has hitherto been conditional upon the voluntary gifts of individuals, churches or state societies. An attractive program of papers and addresses has been arranged for the meeting, which is to continue over tomorrow and Thursday. Some of the ablest men of the denomination have been chosen as speakers, among them being: President Henry C. King of Oberlin College; Rev. Josiah Strong, president of the American Institute of Social Service; Rev. Newell Dwight Hillis, pastor of Plymouth Church, Brooklyn; Prof. Edward A. Steiner of Iowa College; Rev. J. K. Kingsbury, D. D., missionary superintendent of Idaho, Arizona and Utah; President George A. Gates of Pomona College; and Don O. Shelton, of the National Congregational Home Missionary society.

GREELEY WIRES THAT CLOTHES ARE NEEDED

Conditions in San Francisco Frightful
Because of Lack of
Clothing.

[BY ASSOCIATED PRESS.]
Washington, May 8.—General Greeley wiring from San Francisco says the condition of thousands of refugees, particularly the women, is terrible from lack of clothing.

LIBERAL PRESIDENT HEADS COSTA RICA

Gonzales Viquez, Formerly Minister
of Finance, Inaugurated
Today.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., May 8.—Senor Calvo, the Costa Rican minister, has received from his government a message stating that Gonzales Viquez was inaugurated president of the republic today with much public enthusiasm. The new executive is a prominent leader of the Liberal party and was formerly minister of finance.

PRINCE ARTHUR HAS BEEN AFTER FISH

Feels Much Better After His Outing
—Now at Montreal, Final Point
of Extensive Tour.

[SPECIAL TO THE GAZETTE.]
Montreal, Que., May 8.—Feeling fresher and better as a result of his fishing trip up the Gatineau, Prince Arthur of Connaught today reached Montreal, the final point of his extensive tour of the Dominion. The royal train arrived shortly before noon and many thousands were on hand to join in the welcome. A reception committee of citizens and municipal officials took the distinguished visitor in charge and will look after his entertainment, as well as that of his members of his suite, during the four days' stay on Montreal. A banquet at the St. James club tonight is one of the leading features of the entertainment program. Tomorrow the Prince will attend the opening of the horse show. According to present arrangements the party will sail for England Saturday on the steamship Virginian.

TEXAS VETERANS OF THE MEXICAN WAR

Scattered Remnants of Army That
Fought in '48 Gathered in An-
nual Reunion.

[SPECIAL TO THE GAZETTE.]
Dallas, Texas, May 8.—A handful of Mexican War veterans, the remnant of the army of Texas soldiers who participated in the conflicts with the southern republic in '48, gathered in eleventh annual reunion in Dallas today. A large majority of the survivors of the Mexican War are residents of this state, but the ranks are being decimated so rapidly by death that the reunion this year may be the last. Of those in attendance none is less than 70 and the majority are over 80 years of age. The gathering, which lasts two days, is altogether of a social nature as little or no business is to be transacted.

ELLIS JUNCTION IS DAMAGED BY FLOOD

Dam of the Pulp Mill in Northern
Wisconsin Town Goes Out
This Morning.

[BY ASSOCIATED PRESS.]
Marquette, Wis., May 8.—The dam of the Crivitz Paper and Pulp company at Ellis Junction was carried out last night and the town is flooded with five to ten feet of water. Much stock has been drowned.

MINNESOTA K. OF P.

[BY ASSOCIATED PRESS.]
Minneapolis, Minn., May 8.—The thirty-fourth annual convention of the Minnesota grand lodge, Knights of Pythias, opened in this city today with headquarters at the West Hotel. Two hundred delegates filled Bluffs hall when the sessions began and they represented the local lodges throughout the state. The annual report of Fred E. Wheaton, grand keeper of records and seals, and the reports of the other officers show that the order in Minnesota is in a most prosperous condition. At present there are more than 100 local lodges and they have an aggregate membership of 10,000. The proceedings will be continued and concluded tomorrow.

PYTHIAN MEETINGS IN THREE STATES

Corner Stone of New Lodge Temple
at Indianapolis Laid
Today.

[SPECIAL TO THE GAZETTE.]
Indianapolis, Ind., May 8.—Today has been a notable one in the history of Pythianism in this city and in fact throughout Indiana. The city has been thronged with thousands of members of the order from points far and near, brought here by the ceremony of laying the cornerstone of the new Pythian temple, which is being erected at a cost of nearly a half million dollars. The exercises of the day were preceded by a mammoth parade of the Knights in full uniform. Arriving at the site of the new temple, at the corner of Pennsylvania street and Massachusetts avenue, the exercises attending the actual laying of the cornerstone were held. George W. Powell, president of the building commission, presided and the Rev. Alexander McFerran of Terre Haute delivered the invocation. Governor Hanley delivered a welcome, after which the cornerstone was laid by Grand Chancellor Dunten, assisted by his fellow grand lodge officers. The supreme and grand lodge officers and other representatives of the order then adjourned to Tomlinson Hall, where the address of the day was delivered by Congressman James E. Watson. Nearly all the officers of the supreme lodge, together with the grand officers of Illinois and other neighboring states, were in attendance.

CONCLAVE IN MISSISSIPPI.

Jackson, Miss., May 8.—Three days of unusual interest and activity in Pythian circles were inaugurated here today. The occasion is the thirty-third annual session of the Mississippi grand lodge, Knights of Pythias, and it has attracted more than 200 delegates and many other visitors from all over the state. The initial session was held in the court house this morning, V. Otis Robertson presiding. The visitors were greeted by Governor Vardaman, who is a member of the order, and a response was made by George T. Mitchell. The business of the grand lodge was taken up this afternoon and will continue over tomorrow.

Peabody-Lawrence Wedding.

Boston, Mass., May 8.—A wedding of note here today was that which made Miss Marian Lawrence, daughter of Bishop and Mrs. William Lawrence, the bride of her cousin, Harold Peabody of Chicago. After the ceremony, which was performed by the bride's father, an elaborate reception and breakfast took place at the Lawrence residence in Cambridge. On the conclusion of their wedding tour Mr. Peabody will take his bride to Chicago, where he is connected with the branch banking house of J. Pierpont Morgan.

TURKISH PRISONER KILLS COURT OFFICIAL WITH A GRIP LIKE A BULL DOG

Jumps At His Throat And Chokes Him To
Death By Biting Him In
The Neck.

[BY ASSOCIATED PRESS.]

Constantinople, May 8.—Nedjim Edin Bey, procurator general of Vialyet, Tripoli, in North Africa, has been murdered by Ali Shamyil Pasha, a former military governor of Suttur, Shamyil, who was recently exiled to

Tripoli, on the charge of being concerned in the murder of Redvan Pasha at Constantinople, was undergoing an examination in court when he suddenly rushed upon the Procurator General and fixed his teeth in his throat like a bulldog and hung on until his victim was throttled to death.

ANTHRACITE MINERS START TO WORK AGAIN ON MONDAY

Convention At Scranton Accepts Report Of
The Nineteen Three Scale For
Workers.

[BY ASSOCIATED PRESS.]

Scranton, Pa., May 8.—The convention of anthracite miners reassembled here today and unanimously ratified the action taken by its sub-scale committee in the conference with the operators' committee in New York yes-

terday, declaring the operators award the coal strike commission the 1903 scale. Today, notices were presented the Lackawanna, Delaware and Hudson, Erie, Pennsylvania and Scranton Coal companies announcing a resumption of work on next Monday.

LENROOT'S FRIENDS URGING HIM TO WITHDRAW AT ONCE

This Is The Report Now Current At Madison,
Although Denied By Lenroot
Himself.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., May 8.—Speaker L. Lenroot of Superior, the Wisconsin republican gubernatorial candidate who was placed in the field by Senator R. M. La Follette, declares that the recent persistent rumors that he will withdraw from the race against Governor J. O. Davidson are ridiculous and wholly untrue, and that they are placed in circulation by political opponents to injure the chances of the speaker. Nevertheless, it has become known that friends of Speaker Lenroot and Senator La Follette are urging that the speaker's candidacy be withdrawn and that united support be given the present governor in order that the dominant faction of the republican party be not defeated at the primary election next September. Letters in large numbers have been sent to the junior senator at Washington to the effect that the Lenroot candidacy has failed to "take" and that it cannot be made to "go." These correspondents urge Senator La Follette to find a way in which to gracefully pull the speaker out of the gubernatorial race.

possibly holding him as a candidate for Senator Spooner's seat. It is certain that the candidate of Speaker Lenroot has not proved as attractive as was hoped and workers in the administration faction in this state fear that unless he leaves the job there will be trouble. Perhaps the greatest obstacle in the way of an agreement on Governor Davidson is the belief that the close friends of Senator La Follette seem to entertain that the stalwart faction is flirting with Davidson and ready to throw their support to him, being prepared to shout in the event of his defeat of Speaker Lenroot at the primaries as a defeat of the personal influence of Senator La Follette. The La Follette people are doubtful of the advisability of assisting in the election of Davidson, and doubtless it is for this reason that almost daily new candidates are mentioned. Senator George B. Hudnall, Senator William H. Hutton and others are suggested as compromise candidates, but there is lack of substance to such talk, and the Davidson people laugh at it, for they believe they have the nomination "cinched for him."

RUSSIA MAY DEMAND THE ARREST OF MAXIM GORKEY

Report From Moscow Is To The Effect That
He Was One Of The Instigators
Of Riots.

[BY ASSOCIATED PRESS.]

Moscow, May 8.—In addition to the accusation against Maxim Gorkey of engaging in a political propaganda,

here and it is rumored his extradition from the United States will be asked for.

KANSAS CLUB WOMEN MEET.

[SPECIAL TO THE GAZETTE.]
Lawrence, Kas., May 8.—During the next three days Lawrence will have the proud honor of entertaining the Kansas State Federation of Women's Clubs. Delegates in large numbers arrived today and almost every city and town of importance throughout the state is represented among the visitors. A great welcoming demonstration has been arranged for this evening. The state officers who have charge of the convention are: President, Mrs. May Belleville Brown, Salina; vice president, Mrs. L. H. Wishard, Iola; recording secretary, Mrs. W. D. Atkinson, Parsons; corresponding secretary, Mrs. N. J. McDowell, Salina; treasurer, Mrs. H. B. Asher, Lawrence; general federation secretary, Mrs. Lilla Day Monroe, Topeka.

Iowa League Opens Season.

Marshalltown, Ia., May 8.—The Iowa Baseball league today opens what promises to be its most prosperous season. The league was organized two years ago and is now ranked among the strongest of the state leagues. The opening games today are scheduled as follows: Burlington at Boone, Ottumwa at Ft. Dodge, Oskaloosa at Waterloo and Keokuk at Marshalltown. The schedule calls for 126 games, the season to close Sept. 22.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said, "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the hair from the roots of human hair.

Newbro's Herpicide destroys this germ and immediately restores the hair to its natural state.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

NO BEET SUGAR MILL PROMISED

ROCK COUNTY CO. NOT AGREE TO BUILD AT ROCKFORD.

NOT A SURE MONEY-MAKER

Agitation of Tariff Revision-Makes Factories Very Unsatisfactory Investments.

In a recent issue of a Sterling, Ill., paper appeared an article in which it was stated that the Rock County Sugar company was planning to build another factory at Rockford, Ill., provided the farmers in the northern part of the Sugar state took up with beet raising this year and the business men of the Forest City could next season or the year after guarantee a large enough acreage to assure success to such an enterprise. This article was the outgrowth of a suggestion from one of the Rockford papers and at one time was taken under consideration by the owner of the local plant. The matter is now at a standstill.

Tariff Agitation in Way.
 M. R. Osburn, general manager of the Janesville manufactory, says that the land of Northern Illinois is adapted to the culture of beets and that the possible and probable acreage is surely large enough so that a factory at Rockford would by no means interfere with the local Rock county refinery. If sugar mills are a success anywhere conditions are surely favorable to establishing one in Northern Illinois and doubtless the Forest City is the most desirable location. But the possible reduction of the tariff on all Philippine products and the agitated reduction on refined sugar makes the building of a factory a very unsatisfactory investment.

Returns From Money Slow.
 A beet sugar mill is not a success in a day, a season or even several years. The profits from the finished product are not sufficient to pay up in a short time the amount expended in introducing the crop, building a plant and equipping it. The outlay is enormous and only the returns of several years will meet this. The local factory has never declared a dividend, though thus far every measure of success has attended it. All this evidence goes to show what a foolhardy financial move it would be to build another factory in face of the threatened tariff revision.

Unsure Proposition Surely.
 "Just what congress is going to do is very uncertain," says Mr. Osburn. "Notice the vote of the house on the Philippine bill. Ten Wisconsin representatives said yes while H. A. Cooper of this district said yes. Cooper is supposed to represent the interests of the greatest tobacco and sugar beet belt in the whole state. Should the Philippine bill finally be passed it would mean much to the factory here and consequently to the farmers."

JANESVILLE MEN ATTEND CONVENTION

Supt. Hemingway Addresses Convention This Afternoon and Delivers a Toast This Evening.

Supt. C. H. Hemingway left last evening for Madison to attend a state meeting of county superintendents. This afternoon he will address the convention on "The Status of the County Superintendent." The business sessions will be held in the assembly chamber of the state capitol. At the banquet at the Capitol house this evening Supt. Hemingway will respond to the toast, "Our New Members." Following this meeting will be the convention of county superintendents called by State Supt. Cary for the purpose of advising and instructing the county superintendents in regard to their work. Needed school legislation will also be discussed in its various phases. Supts. Antisdel and Buell will also attend.

REYNOLDS-ROGERS NUPTIALS

LATE YESTERDAY AFTERNOON

Happy Couple Departed on Evening Train for New Home in Filer, Idaho.

At the home of her parents, Mr. and Mrs. A. C. Rogers, on Washington street, Miss Helen Rogers of this city was quietly wedded to

Charles L. Reynolds of Jacksonville,

Ill., yesterday afternoon. Only relatives and a few intimate friends witnessed the ceremony, which was performed by Rev. R. C. Denison. After the wedding feast Mr. and Mrs. Reynolds took an evening train for Filer, Idaho, where the groom expects to engage in the hardware and furniture business.

COOKSVILLE FAKIR NABBED IN ROCKFORD

His Name Is John Kirby and He Claims Neenah, Wis., As His Home.

Loaded with phony jewelry of various descriptions and games, including the "pick-out" boxes which allured Mr. Miller of Cooksville a fortnight ago, John Kirby was taken in tow by the police of Rockford on Saturday. According to his own story he is an old hand at the shell and other confidence games and has followed the circuses for years. Charley Dow, a farmer living four miles west of the Forest City, was the one who complained. The man is 55 years of age and claims Neenah, Wis., as his home. He is a short, rather stoutly built man and wears a stubby gray mustache. He will probably be released with injunctions to clear out of that section of Illinois, as so far as can be learned, he had not succeeded in "taking in" anybody with his bunco outfit. The "pick-out" box game which Kirby carries consists of four small pasteboard boxes, each having two lids and holding a cake of "high class" shaving soap. The four boxes are carried in one wooden box and each has two lids. Kirby approaches the intended victim, talks jewelry a minute, after stating he is a traveling man representing an advertising company. If he does or does not sell he gets out the boxes, and simultaneously pulls out a roll of bills and places it in one of the boxes, managing to leave a little corner of the frog skins stick out from it. He bets the farmer he can not choose the box he has placed the bills in after the three have been manipulated.

FIFTY WILL NOT GO TO SAN FRANCISCO

Two Conventions at Which Janesville Would Have Been Represented Called Off.

It is safe to say that had not San Francisco been destroyed by earthquake and fire this spring fifty Janesville people who will remain at home this summer or travel elsewhere would have gone there. Some would have gone for pleasure, while many others had thought of attending conventions. The two largest, the National Educational and the Mystic Shriners, which had been planned for that city this year have been cleared off. It would be impossible to hold them in San Francisco and the tropic occurred at too late a date to make different arrangements. Twenty-five Janesville people attended the N. E. A. meeting at Ashbury Park, N. J., last summer and doubtless an equal number would have gone to the coast this year. The Shriners' gathering would also have drawn some from this city.

MUNICIPAL COURT AT BELOIT HAS OPENED

By Judge C. D. Rosa at Nine Yesterday Morning—Janesville Implicated in First Action.

Beloit's new municipal court was opened promptly at nine o'clock yesterday with Judge C. D. Rosa presiding. William Hansbury, aged twenty years, pleaded guilty to the charge of drunkenness and paid a fine and costs of \$4.30. He said he got his whiskey from another boy in Janesville Saturday night. The second case was that of Tom Brown, charged with drunkenness, and the third that of William Satterlee, charged with the same offense.

H. S. Alumni Attention

The business meeting of the Janesville High School Alumni association will be held in the science room of the high school building at 7:30 o'clock this evening, May 8th. A large attendance is requested.

MRS. WALTER HELMS, Pres.

Two Million Little Children Starving

Poor and Rich Alike Suffer From Lack of Good Food.

We notice that John Spargo, in his new book, "The Bitter Cry of the Children," says no less than two million American children between the ages of five and fourteen are victims of chronic under-feeding. They are the easy prey of disease, nervous, irritable, weakened both physically and mentally, and unfit for that perfect development which Nature intended for them.

Mr. Spargo speaks particularly of the children of the poor, but what he says is, in thousands of cases, true of the children of the wealthy and the comfortably well-to-do. Many children who have "all they can eat" are really underfed. For the food which they are given is not food from which they can get the nutrition they need.

There is no other food, so far as we know, so nutritious, so strengthening for children as Malta-Vita, the perfect malted whole-wheat food. This is not only because Malta-Vita is so rich in all the nutrition the body needs for sustaining health and strength. More important by far is the fact that the nutrition of the malted wheat is so easily digested and assimilated that all its life-giving elements are taken up by the system, forming rich, red blood in abundance and giving growth and vigor to body and brain. Malta-Vita is insurance of perfect health for children. And it is so good to eat!

NEW THEORY TO BE CONSIDERED

CUT THE CANINE TEETH OF ALL THE PET DOGS.

DOES NOT INJURE ANIMALS

George McLean Has Plan Whereby Danger From Biting and Fighting Is Eliminated.

"With the canine teeth of a dog cut off the danger of his biting children is practically eliminated." Such is the statement of Mr. G. C. McLean, the proprietor of the McLean kennel at 604 Galena street. Mr. McLean has made the dog a study for the greater part of his life, and is now the owner of some fifteen well-bred canines. He makes a specialty of the rough-coated Collie, Airedale and Irish terriers, English, Beagles and English Bullies. Mr. McLean has, in fact, always been a dog fancier and when he first came to Janesville many years ago he brought several dogs with him from Connecticut. These dogs he sent to Chicago to the dog show, from where they all returned with blue ribbons.

His Discovery.
 In studying the dog and his habits he has come to the conclusion that a dog's canine teeth are as useless to him as the horns of a cow. He does not make this statement as a theory, but he has tried it and claims that it has worked as he anticipated. In his study of the dog he states that the dog has his off days just the same as a person and when the dog goes wrong he is not on his punishment, but sometimes shot. Mr. McLean states that the removing of the useless teeth will do away with a great deal of the quarrelling between the animals will also be kept to an end, by the removal of the teeth, for a dog soon learning how useless it is to fight without the teeth will become peaceful.

Makes Dogs Good.
 Without the aid of these teeth the dog which has a liking for sheep flesh will soon have to give up in despair, for he will be unable to kill the animals, having only the pinch instead of the former tear. Mr. McLean has all of his dogs doctored in this manner and declares that they are eating the same food that they lived upon before the teeth were cut. The manner of cutting these canine teeth or tusks, as they are called, is very simple and done without pain to the animal. A gag is placed in the animal's mouth and by the aid of a pair of nippers the tooth is cut off close to the gum. In the cutting of these teeth the dog is not in pain and an affectionate dog will undergo the operation without much trouble. These teeth are of no use to the animal in chewing his food, and it is only a matter of a little time before he is able to eat meat and other tough substances as well as he did with the aid of these tusks.

An Innovation.
 If this removal of these unnecessary teeth will do what Mr. McLean claims it will, and what he states he has proven from experience, it will mean a great deal to assure the safety of people in the future and the hydrophobia scares will be a thing of the past.

Dr. Roberts' Idea.

When asked regarding the above plan of Mr. McLean State Veterinarian E. D. Roberts said that it was a safe and harmless way to treat bad dogs and insured safety from bites. He did not think it in any way injured the canine and insured them from fighting among themselves and also from biting persons. The canine teeth, he explained, did not have any nerves to be injured when cut out and it was not a cruelty to the dogs themselves.

DRAMATIC SKETCH AT THE WEST SIDE

Remainder of Bill Is Also of Merit—Musical Japs Have Good Entertainment.

At the West Side theatre this week a dramatic sketch a little out of the ordinary is being presented by Herbert B. Chesley and company. It is very good and the infantile member of the troupe proves himself an actor. The musical act given by Potts & Potts, Japanese artists, is one of the best of its kind ever seen at the vaudeville house. The Earle Sisters are clever dancers and singers, and last evening applause for them was liberal. Three series of motion pictures are shown and George Hatch sings "Jennie Lee" and "She Waits by the Deep Blue Sea." Commencing with the evening performance yesterday an "extra" was added to the bill—Beauchamp, the barrel jumper. His stunts are difficult and pleasing.

GIVES UP THE LINE TOWARDS STOUGHTON

Ordinance Passed by Council Is Not Satisfactory and Project Is Dropped.

Word comes from Madison that the traction company there will not build an interurban line to Stoughton to connect with the line the local company expects to build to that point. It is given out by the Madison company that the franchise recently passed by the Madison council was not such as to warrant its continuing its plans for the interurban extension, for the present at least. Improvements will be made in the city service at Madison, however, and the company will probably be on the lookout for a more favorable opportunity to build in this direction. It is not done the old plan for the R. B. & J. to build the entire line to the capital city may be revived.

What's the good of keeping from him Any good things you may see, That will lift his load of labor Like Rocky Mountain Tea

Smith Drug Co.

Labor Notes

The Patternmakers' League of North America at its recent convention raised the assessment of its members from 25 to 50 cents per week.

It is not impossible that the International State and Tile Roofers' Union will unite with the Amalgamated Sheet Metal Workers' International Alliance.

The Painters, Paperhangers and Decorators' local of Lewiston, Me., is circulating a petition throughout Maine, New Hampshire and Vermont, asking their general executive to place a pall organizer in these states.

It was not until 1825 that strikes were begun for a ten-hour law by the building trades and in the ship yards. In 1835 the ten-hour law was established in Baltimore, and a Presidential order in 1840 made it a rule in the government navy yards. In 1851 the masons and carpenters won their fight for the ten-hour day in many cities throughout the country.

The Lithographers' association is one of more than 4,500 members and is one of the best salaried trades in the country, no lithographer being eligible to membership in the association until he is able to earn a salary of \$20 a week.

GEORGE BATTEN COMPANY.

The Well Known Advertising Agents Move Uptown.

The George Batten Company, advertising agents, announce their removal from the Potter building to the Metropolitan Annex building, 11, 13, 15 East Twenty-fourth street (Madison Square). Of course, they are not going to take the whole building, just one floor (the eleventh), containing 5,000 square feet, and they need every foot of it. In fact, Mr. Batten says he wishes it were at least 1,000 or 1,500 feet larger. They started business in the Potter Building in 1891 in an office 12x14 feet, with one clerk, who was stenographer, bookkeeper, etc. The first year's business amounted to \$25,000. They are credited now with doing a business of upward of \$2,000,000. The first account secured was that of George A. Macbeth—Macbeth's lamp chimneys—and it is one of the greatest sources of pride of them to say that the account remains with them. Mr. William H. Johns (now vice-president) came in as assistant solicitor in 1892, and the success of the business is in no small measure due to his fidelity, energy and intelligence. It is a question if ever two men have been so closely associated as George Batten and William H. Johns have for fourteen years with never a rub—not a particle of friction. From one employee in 1891 to over fifty now; from an annual expense account of \$1,500 to nearly \$100,000 indicates growth. This growth has been steady and persistent, every year's business has been larger than the preceding. They have established a credit of the first rank and a reputation for "making good" to their customers. The growth of the business has been due more to the growth of accounts in their hands than to the addition of new accounts. Of four accounts running over \$100,000 per year none was greater than \$5,000 at the start. The quality of business handled by the firm is of the highest.—Evening Sun, Jan. 25, 1906.

PILES

Don't Suffer Longer, You Can Have Instant Relief and a Lasting Cure by Using Pyramid Pile Cure.

A Trial Package Mailed Free to All. The rectum, like the mouth, is lined with that soft, satiny material known as mucous membrane. Piles is a disease of that membrane and the blood vessels that lie under it. Pile and Fistula affect the same membrane and, belong to the same family. Pyramid Pile Cure slipped into the bowel melt and spread themselves over the diseased and painful surface and act just as a salve would if the trouble was on the outside of the body and could be easily seen and gotten at.

The immediate relief they give even in the most agonizing cases will startle you, as it has already startled many thousands of "doubting Thomases" before you, who have tried everything and sent for the sample package, firmly convinced that they would again be disappointed.

But they weren't. Pyramid Pile Cure don't disappoint. They cure. They are for sale at all druggists at 50 cents a box and are worth an even hundred to the person who needs them.

Mr. John Byrne of 2204 2nd Ave., New York City, writing under date of Jan. 17th, 1906, says: "I received the sample and used it right away. I got so much relief from it after 20 years' suffering that I bought a 50 cent box. The almost unbearable pain is almost gone and my fistula has almost disappeared. I had given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try them, as I can guarantee they are a sure cure."

Or if you want to prove this matter at our expense, before purchasing, send your name and address to the PYRAMID DRUG CO., 5530 Pyramid Building, Marshall, Michigan, and receive a trial package free by return mail.

GOOD CIGAR FOR 5c.

Smith's Drug Company Selling Havana Cigars at This Price.

Now that Wadsworth Bros. Cigars are for sale by Smith's Drug Company you can get an all long Havana filled cigar for a nickel, a smoke that is better than the average ten cent center, and as good as any cigar in their case.

Smith's Drug Company want every smoker in this section to try a Chico and Mr. Ed. Smith said the other night: "If you don't like the Chico, it's on us and we will not charge you a cent for it. This cigar is taking the place of ten cent cigars amongst our most critical trade and we want every lover of a good smoke to come in and try a Wadsworth Bros. Chico."

If you know and enjoy a good cigar, you'll like the Chico. It is made for smokers like you, and you ought to get acquainted at once.

MARRYING FOR MONEY

Is sometimes disastrous to the party that does it, but advertising for money is a perfectly proper thing to do. The seller who has an article that he wants to convert into coin of the realm has no better opportunity to bring this about than to advertise his wares in the Gazette Want Ad columns. He'll get acquainted with lots of buyers, who, with their eyes wide open, are looking for bargains of all kinds, and who look to Gazette Want Ads to tell them where they may be had.

FOR RENT—Very pleasant furnished front rooms, with or without board, 271 S. Main st.

...FORTY YEARS AGO...

Janesville Daily Gazette, Tuesday, May 8, 1866.—The Parkersburg Times gives the following account of the wells of West Virginia. It says: "All the wells at Burning Springs are yielding some 2,500 barrels per day, as near as we can gather. The wells on White Oak are yielding, of heavy oil, 1,500 barrels a day. The Lick Run 200 barrels, the Horseshoe 150. There are outside wells yielding from 200 to 300 barrels per day, besides the Hughes River region, of which we have very little knowledge. The produce of oil in this vicinity is altogether about 6,000 barrels per day, the most of it is fine lubricating oil that will run from 40 to 120 per gallon."

What For.—An inquisitive fellow wants to know what those little piles of stones are put in Main street for. If he will ask the man who put them there he will probably find out. He says it makes him nervous to see them there. He'll feel more nervous if he happens to fall over one of them.

The State Fair.—In another place a gentleman, over his signature, lays before our citizens some suggestions as to what is necessary in order to secure the State Fair in this city the coming fall. They are worthy of consideration and we trust such early and efficient action will be taken as will put the matter beyond all doubt. There are probably no grounds in the State so desirable and so eligibly located as those used last fall, and we understand the object now to be putting them in a condition for permanent occupancy for fair purposes.

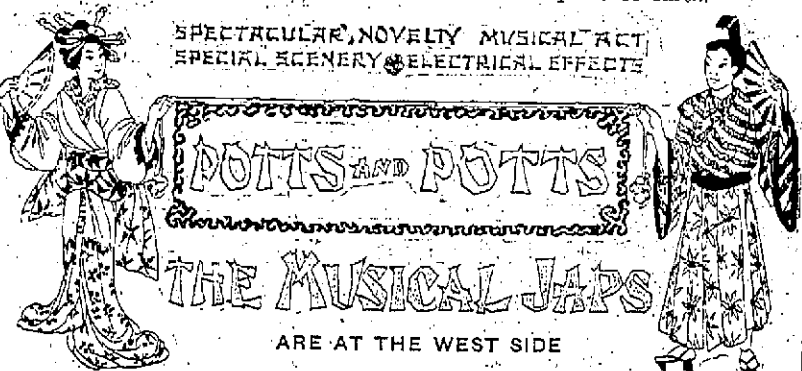

In the Senate on the 7th, a resolution was adopted that the Judiciary Committee inquire into the expediency of reporting a bill prohibiting any Territory from denying negro suffrage; also, that hereafter no Territory shall be admitted into the Union unless suffrage be allowed, regardless of race or color.

COMING ATTRACTIONS

LYMAN HOWE, WHOSE MOVING PICTURES WILL BE SEEN TONIGHT

The Roof of the World. There is an indescribable fascination in the magical glorious grandeur of the world's greatest mountains. It is indescribable by those who have dared their dangers and surmounted their dizzy heights. And to the mere timid, who have lacked either the patience, endurance, courage or opportunity the sublimity and immensity of the spectacle is unimaginable. If they fail to see the marvelous feature pictures of the Alps and Alpine during to be seen at Lyman H. Howe's new Lifeorama in the Myers Grand tonight. Mr. Howe reveals these pictures alike for those who sympathize with deeds of daring, and those who find that rare enjoyment that comes only to the beholder of nature's wilder, grander and more majestic heights. In the annals of science no mountain occupies a more distinguished place, and none has furnished the artist with so much inspiration as has the Wetterhorn. Mr. Howe virtually takes every spectator to the very summit of it, and unveils not only the radiant splendor of this solitary peak, but with it as the vantage point, this picture reveals the aggregate and mighty whole of those lofty peaks that veritably form the roof of the world. The majestic panorama of rock-like islands projecting out of a sea of perpetual snow, and clouds; gigantic peaks rising abrupt, mysterious, and snow-shrouded like nature's own Colossal Monuments, impress every beholder with man's insignificance and subtly inspire a wonderful feeling of sense and power. It is a sight which at once takes possession of every faculty of sense, and soul of every spectator on these earth-searching, moving pictures. From scene to scene to "Indians' Coral Strand"—to tropical Ceylon is a far cry, but not too far for Mr. Howe's new Lifeorama. For it includes scenes from the uttermost parts of earth.

ILLINOIS CENTRAL TAXES

ATTORNEY GENERAL DECIDES STATUS OF THE COMPANY.

Exemptions Claimed on Ground That Stocks and Bonds Are Debts Are Overruled.

Springfield, Ill., May 8.—According to an opinion rendered Monday by Attorney General Stead to the auditor of public accounts, in answer to an inquiry from the auditor as to how he should value the property of the Illinois Central railway for taxation, the Illinois Central must pay taxes on some \$80,000,000 in stock and \$25,000,000 of bonds on which the railway company has claimed exemption on the ground that the stocks are debts and should be deducted from the credits of the road.

Under the charter, the Illinois Central Railroad company is compelled to pay into the state treasury five per cent. of the gross proceeds, receipts and income derived and to list with the auditor all its stock, property and assets of every kind and descriptions, on which it is the duty of the auditor to assess the annual tax for state purposes.

The company, pursuant to the provisions of its charter, has filed with the auditor a list of all stock, property and assets, and the question was whether the auditor should extend the state tax rate against the full valuation of said stock, property and assets, or against one-fifth of the assessed valuation thereof, as is now provided by law for the assessment of all other property in the state.

After reviewing the constitutional provisions of state, and a construction by the supreme court, holding that valuation is the basis of all taxation, and that a tax which is not based on a uniform ratio of valuation is not a tax, the attorney general's opinion holds that the property and assets of the Illinois Central listed with the auditor for the purpose of extending thereon the annual state tax must be valued by the auditor for the purpose of this taxation in the same manner as all other property in the state is valued for taxation; or in other words, the auditor should extend the rate against one-fifth of the full valuation of said property and assets.

The opinion is based also on a decision of the supreme court in the case of the state versus Illinois Central Railway company, 27 Illinois, 67, in which Judge Breese held that property and assets must be valued so as not to violate the constitutional provision that every person and corporation shall pay tax in proportion to the value of his or her property.

CRUELTY TO INSANE WARDS

Patients at United States Asylum, It Is Said, Are Subjected to Inhuman Treatment.

Washington, May 8.—Specific instances of alleged cruelty to patients were given at the investigation Monday by the congressional committee of the charges against the administration of St. Elizabeth's United States asylum for the insane.

Mrs. Margaret Lochte, an inmate from June to September 1905, testified that although perfectly willing to eat she had been fed through the nose with a tube and had been subjected to the "wringing out" process.

Thornton O. Piles, formerly an attendant at St. Elizabeth's testified that he had seen patients ill treated by the use of straight-jackets, by tying them to trees, in the grounds, by choking and by working them too hard. He insisted that the food furnished to patients was not palatable and in many cases absolutely unfit for the infirm.

Congratulate Crown Prince. Athens, May 8.—Crown Prince Constantine has received numerous telegrams from foreign governments warmly congratulating him upon the success of the Olympic games.

The spirit of discontent, which is so prevalent these days, is incident to seasons of great prosperity and writers, of the class under discussion, take advantage of the situation. Much is said about the danger of the ignorant masses, but the ignorance of the intelligent classes is more dangerous, and this is the constituency largely influenced by writers and speakers of the reform brand.

The Standard Oil Co.
It is perfectly natural for the Standard Oil company to resent the action of President Roosevelt and the report of Commissioner Garfield, but the spirit manifest in showing this resentment will not meet with popular approval.The company is accused of receiving from the railroads rebates on shipments of oil, which alone amount to a fortune. This accusation is most emphatically denied, but in language that shows a lack of respect to the chief magistrate.
The people of the country have no quarrel with the Standard Oil company, and while they may envy the success which has come to this great corporation, they recognize the fact that oil has been sold to small consumers for the past 20 years or more at 10 cents per gallon or close to that figure. This is not an extravagant price and whether controlled by a trust or not, like sugar, it is within the reach of everybody.

The people who are fighting trusts are the people who come in competition with them, and who would duplicate their methods if they had the opportunity. But the masses of the people have a wholesome respect for the President and when the Standard Oil company or any other corporation attempts to criticize him, they very naturally resent it.

If the Standard Oil company is not guilty of the charge made by Commissioner Garfield it should welcome investigation and vindication. If company is guilty, the people have a right to know it.

The sidewalk inspector has begun his work well if he only keeps it up.

San Francisco appears to be still holding its own in point of news interest.

There are the usual number of snapping curs about the city now as ever.

The question of good roads should appeal to all citizens who have the best interests of the city at heart.

Racing and horse shows are to be revived in Janesville and the revival should be attended with much enthusiasm by the citizens.

It is too early for sea serpent stories to be related but some mighty good fishing tales are being recounted by the amateurs.

Progress is noted in many localities throughout the county. Among the towns getting ready for a boom is Milton Junction and Milton.

San Francisco will be made the most beautiful city in the world, if the plans of the business men for its new buildings are carried out.

Madison appears to have taken affairs in its own hands regarding the running of state affairs without any reference to the rest of the state.

The conditions of the city streets should be made personal mention of. Spring cleaning has been going on and they have a very creditable appearance.

There is no lack of implication in the charge of "Muck Rakers" by Roosevelt and the apparent dissolution of the McClure's magazine writers is there?

Governor Davidson's friends continue to be encouraged with the present outlook and so far as a matter of fact do Lenroot's. One of the two must be wrong.

The rate bill is soon to be presented to the United States senate for their official sanction or refusal. Then comes the tug-of-war of the whole winter's campaign.

The old theory of seeing a white horse and then seeing a red haired girl appears to have been forgotten in the rush and bustle of the strenuous days of business.

The more people talk about the prospect of a new fire station the greater is the sentiment in favor of such a move. This is a question that every resident of the city should be interested in.

It will soon be time for the legislative bee to start its little humming. The republicans can do no better than renominate Captain Pliny Norcross who has so ably represented this assembly district on two previous occasions.

Tobacco growers and tobacco buyers are doing a heap of thinking just now regarding certain congressional candidates. Some men remember the Philippine bill and what it would have meant had it passed to the principal industry in Wisconsin.

Monroe has no military band this summer but Janesville has and in the Imperial musicians it has an association that promises to improve as the years go by. When the question of summer concerts comes up it should be remembered that the Court House park is the place to hold them, not the Corn Exchange.

THE MUCK RAKERS.
The muck rakers on the McClure Magazine staff have come to grief and the columns of that magazine will no longer be filled with pessimistic and socialist articles from Ida May Tarbell, E. Lincoln Steffens and Ray Stannard Baker. S. S. McClure, the managing editor, has decided to handle the rake himself.

Whether President Roosevelt's

criticism on this class of erratic writers had anything to do with the changes on the McClure staff or not is an open question, but the chances are that it did.

The American people are disposed to be fair, and while they have been more or less carried away with the spirit of reform which has become epidemic, yet many of them are taking time for sober second thought, and the discovery is being made that the country is not going to perdition so rapidly as they had been led to believe.

The spirit of discontent, which is so prevalent these days, is incident to seasons of great prosperity and writers, of the class under discussion, take advantage of the situation. Much is said about the danger of the ignorant masses, but the ignorance of the intelligent classes is more dangerous, and this is the constituency largely influenced by writers and speakers of the reform brand.

The Standard Oil Co.
It is perfectly natural for the Standard Oil company to resent the action of President Roosevelt and the report of Commissioner Garfield, but the spirit manifest in showing this resentment will not meet with popular approval.

The company is accused of receiving from the railroads rebates on shipments of oil, which alone amount to a fortune. This accusation is most emphatically denied, but in language that shows a lack of respect to the chief magistrate.

The people of the country have no quarrel with the Standard Oil company, and while they may envy the success which has come to this great corporation, they recognize the fact that oil has been sold to small consumers for the past 20 years or more at 10 cents per gallon or close to that figure. This is not an extravagant price and whether controlled by a trust or not, like sugar, it is within the reach of everybody.

The people who are fighting trusts are the people who come in competition with them, and who would duplicate their methods if they had the opportunity. But the masses of the people have a wholesome respect for the President and when the Standard Oil company or any other corporation attempts to criticize him, they very naturally resent it.

If the Standard Oil company is not guilty of the charge made by Commissioner Garfield it should welcome investigation and vindication. If company is guilty, the people have a right to know it.

can scarcely be blamed for "whooping her up" before the election, because after that date the fun will all be over, as far as the democrats are concerned.

Famine in Rhinoceroses.
"All But He" Are Wrong.
Boston Herald: An Englishman who says he has been in this country several years writes to the New York Times Saturday Review of Books, railing at the bad grammar spoken by people over here. He says:

"Apart from university professors and the higher clergy, I know only one man who speaks correctly. All but he strew their cheerful path with piteous wrecks of the language as they use it."

"All but he" is good. Apparently this critical Englishman has yet to learn that prepositions in his language govern the objective case in this country.

El Paso Herald: Rhinoceroses have gone up to \$12,000 apiece, no doubt due to another of these notorious trust things, squeezing the public for all it will pay. Tom Lawson's earnest attention is called to this evidence of the turpitude of the plutocrats. It's getting to be so that a man working on salary can't afford to have a rhinoceros around the house any more.

Thrill of the Horse-Race.
Louisville Herald: To the Greeks be the faded glory of the Olympic and Corinthian games; to the Romans, the barbaric splendors of the gladiatorial arena; to the Spaniards, the sanguinary delights of the toreador and maddened bull; but to the Kentuckian—clearest of sportsmen, lover of horses, chivalrous knight, of true womanhood—to him be the subdued excitement of the paddock, the thrilling suspense of the start, the vivid, flashing panorama of the track, the ecstatic expectancy of the home stretch, and the last wild, inexpressible thrill of the finish.Will Soon Say His Say.
Green Bay Gazette: W. D. Connor, state chairman of the La Follette organization, announces that he will make a formal statement regarding his position on the campaign for governor within a few days. It is understood that he has for months been considering the advisability of entering the race himself and he has made no announcement of a decision to the contrary. Should he do so it is altogether probable that he will actively espouse the cause of Governor Davidson. Under the circumstances his letter to the public will be watched with eager interest by the candidates already in the field and their friends.Hot Shot for Railroad.
It was an ungrateful Kansan who returned a pass sent him by a local railroad with the assurance that in the year that he had owned the pass he had never used it because he had always been in a hurry.Judge Grimm's Lead Over His Nearest Competitor Was 860
Judge Grimm's lead over Judge Sale in the recent 25th judicial circuit contest, according to the official figures, was 860. The total vote for the respective candidates was as follows: Grimm, 5,581; Sale, 4,721; Dunwiddie, 4,214; and Becker, 2,871.LOCAL BRIEFS.
Accident With Elevator: Carelessness in handling the Myers Hotel elevator Saturday evening resulted in a severe bruising and a bad scare for Johnny Howard, the fourteen-year-old bell boy. He had stopped the cage at the second floor, but before getting out threw back the lever so that it would descend of its own accord to the ground floor. But he was not quick enough in his get away and was caught between the top of the elevator door and the flooring and dragged down to the first floor, where he fell through the open doorway. Dr. Fred Sutherland was called and found upon examination that no bones were fractured.

Aldermen in Forest Park: Members of the highway committee of the city council made a tour of the Forest Park district in the new patrol wagon yesterday, to inspect Garfield avenue and some of the other streets soon to be graded. C. S. Jackman accompanied the party and called the attention of the aldermen to certain low lots which he claims are not worth the amount of the probable assessment. These lots are in the deep ravine which opens onto Jackson street and which has served for years as a waterway.

Drunks in Court: In municipal court this morning Frank Kelley was sentenced to spend 13 days in the county jail for drunkenness. Charles Strom of Beloit pleaded guilty to the same offense, but sentence was suspended on condition that he leave town at once.

Judgment Rendered: In Justice Reeder's court today a judgment for \$74.92 was handed down in the action of Negan Bros. vs. Orlando McConnell, brought to recover on a grocery account.

Regular Meeting: A regular meeting of Janesville Chapter No. 69, O. E. S. will be held in Masonic hall tomorrow (Wednesday) evening at 8 o'clock. There will be work, after which F. F. Nicholson will talk on his personal experience in the San Francisco disaster. M. Chittenden, Secy.

In County Court: In county court this afternoon a claim against the Robert Pollard estate was forcefully argued by Atty. Cornelius Buckley of Beloit.

CAPT. RICHARDSON'S MEN IN SERVICE AT FRISCO
Are Acting as Guards, Doing Relief Work, and Assisting in Clearing Away Wreckage.

Capt. L. T. Richardson, son of Mr. and Mrs. Hamilton Richardson, is engaged with his regiment of regulars in relief work at San Francisco. His soldiers are on guard duty and are assisting in clearing the wreckage and helping the needy. Capt. Richardson says that Brigadier General Funston's wife, who organized the women into bands of nurses at the Presidio, worked twenty hours a day for a long period following the earthquake.

MISS DADE CONROY SURPRISED BY MANY OF HER FRIENDS

Monday evening a number of Miss Dade Conroy's friends perpetrated a surprise on her at her home on Pearl street. They coolly took possession of the house and informed her that if she thought she was going to allow her birthday anniversary to pass unnoticed she was very much mistaken, as they had planned otherwise. For a progressive clinch was the order of the evening and at the close of the games it was decided that the first prizes were won by Miss Ludden and Walter Carle, while the consolations fell to Miss Westlake and Will McCue. After refreshments had been served Dr. Thuermer, in behalf of the company, presented Miss Conroy with a dainty gift as a token of their esteem. The doctor's neat little presentation speech was ably endorsed by Mr. Carle. The self-invited guests were: Misses Kintie and Anna Blank, Helen and Maud McDonald, Alice Ludden, Leora Westlake, Laura Clark, Mabelle Westlake, and Jennie Burke, and Messrs. Pliny Wilbur, Will McCue, Dr. G. B. Thuermer, Walter Carle, Wilford Francis, Emmett Covill, Charles McDonald, Ray Ludden, Roy McDonald, and George Sennett.

to succeed in dentistry a man needs among many other things to possess the following qualifications:

1. Eagerness for business and therefore eagerness to take every possible trouble to please and satisfy patients.
2. Accuracy and carefulness in doing the least bit of work for any body.
3. Promptness—not putting off a patient for any reason.
4. A mind open to progress, seizing upon every improvement of the age he lives in to benefit his patients.

Such a dentist will endeavor to give his patients the BEST service, the LATEST improvement in methods, and on a FAIR MODERATE BASIS of compensation for his services.

If such qualifications and business principles appeal to you, You will not go amiss in consulting Dr. Richards for your dentistry.

His pleased patients say that neither his work nor his prices HURT.

PRIZES ARE NOW OFFERED

Best Photograph With Fifty-Word Description of Bad Street or Sidewalk Wins a Prize.

"In the interests of a competition for improvement of the city streets and sidewalks I would like to donate a sum of money for a prize for the best photograph and essay of fifty words on any one piece of bad road or sidewalk in the city of Janesville, the contestants to describe how long the present bad conditions have existed. This ought to stimulate the amateur photographers into action and I think the result would be beneficial to Janesville." The above is the statement of a gentleman of prominence this morning as he left a sum of money with the Gazette for the above purpose.

The Contest
The rules for such a contest were quickly formulated. The prizes were to be divided into one \$2 prize for the best picture and essay and three \$1 prizes each for the next best. The pictures should be of some particular strip of road or walk that is in very bad condition and has been for some time past. The essay should describe as accurately as possible the exact conditions and how long they have been so. The first prize pictures will be published in the Gazette and the best of the remainder may be used for the same purpose. The pictures and essays should be in the Gazette office by May 23 and will be published the week following.

Some Bad Spots
Some of the bad spots in roads are to be found on Washington street between Bluff and Ravine, Sinclair street between Court and Milwaukee, Ruger avenue beyond Court street, South Main street and North Jackson street between Wall and Bluff. For defective walks the photographer could take the sunken walk on South Main street in front of John Myers' property, the walk on North Main on the north side of the street, the walk between Court and St. Lawrence Place on Sinclair street; in fact, everywhere in the city has its bad roads and poor walks and the above are merely a suggestion to prospective competitors.

Concerted Action
It is a fact that the conditions of the streets and sidewalks in Janesville are in very bad shape and should be remedied. The contest, it is hoped, will stimulate a spirit for better roads and good substantial sidewalks throughout the city. It is open to everyone and it is hoped that a goodly number of photographs and descriptions will be received.

EMORY PATCH TAKEN
TO STATE HOSPITAL

Story Is One of the Saddest Ones That Has Ever Come to Notice of Janesville People.

Emory Patch, whose mental condition was examined on Saturday, was committed to the asylum at Mendota and taken thither yesterday. He went unwillingly, efforts to deceive him as to the purpose of the journey proving useless, and it required the efforts of three men to get him aboard the train. The case is one of the saddest ones that has come to the notice of Janesville people for many years. Mr. Patch was in the prime of life and vigor and an expert at his chosen craft when a terrible accident in a local machine shop doomed him to live in pain and misery all his days. Mangled and battered he was taken to his home. He recovered from some of his injuries, but his nervous system was wrecked beyond hope of recovery. During the time that has intervened his devoted wife has continually watched over and cared for him and used what persuasion she could to get him home. For to those unfamiliar with his identity and story, the sight of him writhing, jerking, reeling and plunging along the highway invariably brought apprehension and alarm. Lately, also, his mind became affected by the disorder. He believed that the hand of every human being was against him and paid small heed to wishes of those about him. That his removal to the hospital where he can receive scientific treatment is for the best of everyone concerned, no one will doubt.

LATE LOCAL NEWS IN BRIEF

Ghosts, goblins and witches May 11. Watch for them.
Wanted—Good shop carpenter. Call or write to P. C. Jaeger, Watertown, Wis.

GUARDIAN APPOINTED

For William Folsom Despite His Protestations, in County Court Yesterday.

"I've always paddled my own canoe; I don't want a guardian appointed and I won't have one," said William N. Folsom to Judge Sale in county court yesterday afternoon. Dr. E. D. Roberts, Grant U. Fisher, and City Marshal Appleby had testified that Mr. Folsom was too generous with his money and District Attorney John L. Fisher was examining the witnesses, amid frequent ejaculations and excited statements from the interested party. Mr. Folsom is 73 years old and a veteran of the Civil War. He receives a pension of \$10 a month and is employed in looking after Dr. Roberts' horses. He got wind of the guardianship proceedings early in the afternoon and hid in a hack in the rear of the Russell livery barn, from which he was removed with considerable difficulty. After G. U. Fisher was appointed guardian, he made an immediate demand for cash and failing to receive any, whisked significantly and disappeared. From some source—believed to be a hoard buried in an out-of-the-way corner—he obtained a few dollars. In his younger days he was a famous jockey for the four-mile running horses in the east and came west when the big breeding farm was established near Beloit. He has no family.

BARACA CLASS MET
FOR ORGANIZATION

New Young Men's Society of Baptist Church Elected Officers. Last Evening.

The first regular meeting of the Baraca class of the First Baptist church was held last evening. The constitution of the National Baraca was adopted and the following officers elected:
President—Fred Wilkerson.
Vice Pres.—F. E. Sadler.
Treasurer—A. P. Lovejoy.
Secretary—Fred Scovel.
Asst. Sec.—Fred Isaacs.
Press reporter—R. D. Currier.
Librarian—J. S. Taylor.
Teacher—R. M. Vaughan.
The chairman of the following committees were also chosen, they having the authority to choose their respective committees: Ministers; Social, membership, music, literary and athletic.

LOST JOINT OF TOE
IN SAVING HIS LIFE

Walter Pitcher Just Escaped Death Under Car Wheels While Switching at Palatine, Ill.

Walter Pitcher of this city, a brakeman on the North-Western road, met with an accident at Palatine, Ill., Saturday evening which might have resulted very seriously. He was throwing a switch, as a fly, was being made, when he slipped on the tracks. With wonderful presence of mind he jerked himself from the rails, but the large toe of his right foot was caught under the wheels. The member was badly smashed and it was necessary to amputate the first joint. Mr. Pitcher was brought to Janesville and taken to the Y. M. C. A. building where he is being cared for.

GREAT PAINTINGS IN
EXHIBITION THAT IS
ABOUT TO OPEN HERE

"Nearly all of the 164 pictures which we shall hang in your public library are by important men," said Seymour J. Thurber of Chicago this morning. "A. A. Lesrel, whose wonderful detail painting 'The Rug Merchant' is well remembered here, is represented by another remarkable canvas valued at \$2,750; Eugene Verboeckhoven, the greatest Belgian sheep painter, is represented by a beautiful detail picture 'The Ewe and Her Lambs'; Wright Barker of the Scottish Champions—a study of Highland cattle. There are notable offerings from Douglas Volk, one of the greatest American figure painters, and Gustave Jacques, the greatest painter of ideal heads in France. Two fine dog pictures, one by Rousseau and the other by Osthaus, should be mentioned. Besides these more important offerings there are a number of important landscapes and Dutch genre pieces. At least six of the paintings are valued at over \$2,000 each. All the pictures are new and we have made an effort to give the finest exhibition ever offered here." The public is cordially invited to inspect the pictures, commencing at 7:30 tomorrow evening, and they may be seen afternoons and evenings for the balance of the week.

LOOKED OVER SITE
OF NEW R'Y YARDS

Two Officials of North-Western Road Spent Several Hours in City Yesterday Afternoon.

General Manager Ashton of the North-Western road and Superintendent Pechin of the Wisconsin division spent three hours in the city yesterday afternoon and visited the site of the new yards which are to be built in South Janesville. Nothing new developed from their call.

Mrs. F. Boothroyd of Beaver Dam, a sister of Mrs. J. P. Baker and a former resident of Janesville, is in one of the Milwaukee hospitals for a serious operation.

R. S. Gompf of Beloit was in Janesville last night.

Mr. and Mrs. James Dookey of Elgin, Ill., were Janesville visitors yesterday.

SUPREME COURT
GAVE DECISIONS

THREE IMPORTANT ROCK COUNTY CASES DECIDED UPON.

MANY WERE REVERSED

Muellenschlaeder Will Case, Hopkins Vs. St. Paul Road and Town of Beloit Vs. Heineman.

In three decisions handed down by the Supreme Court today on three important Rock county cases the findings of the circuit court were reversed. The supreme court ordered the will of the late Herman Muellenschlaeder admitted to probate. The will was made while the testator was dying of peritonitis and just a moment before his death. Probate was refused in Judge Sale and Judge Dunnwiddle's courts on the grounds of mental insufficiency of the testator. The will involved a \$2,000 bequest to Charles Tricoff, the testator's son, and the widow and children contested it. They won their point in the lower court and lost in the supreme court on Tricoff's appeal.

Minor Cases
The contest over land in the H. M. Pierce estate, brought by Granville W. Wolbert, was affirmed in favor of the estate. D. A. Stearns loses the fee on the sale of real estate of Jane Jennings. He won before Judge Dunnwiddle, but she appealed the case and gets a reversal with directions to dismiss the suit.

The Beloit Town Case
In the case of the town of Beloit against J. A. Heineman, a contractor for rent of a stone crusher plant and damage in the sale, the court ordered a verdict of \$325 with costs in favor of the town, reversing the decision of the lower court. In the lower court the jury found a verdict for the plaintiff of \$325, but it was set aside by the judge on the grounds that the town had no right to start suit without a vote of the town supervisors and was not suited the case.

Other Cases
The automobile personal injury case of Gustave Eichmann against Henry Buchheit, the accident occurring in Watertown, judgment of \$321 was reversed and a new trial ordered. The Standard Mfg. Co. against Stallman Brothers, in a fraud contract case, was affirmed, holding the contract to be void.

The Hopkins Case
Elizabeth Hopkins won a reversal in her appeal of a suit for personal injuries against the Chicago, Milwaukee and St. Paul Railroad company. In the circuit court the jury gave her a verdict of three thousand dollars on a special point; but found for the defendant company on another point. The judge refused to allow the plaintiff to amend her petition and set aside the jury's verdict and found for the defendant costs amounting to \$234. On appeal this decision was reversed and the order that judgment be entered for the sum designated by the jury and cost be entered.

CENT-AND-A-HALF PER
THOUSAND VALUATION.

That's What It Would Cost Citizens of Janesville to Give West Side Firemen Decent Housing.

In order to build the proposed new fire station on the west side the citizens of this commonwealth would have to pay a tax of one cent and a half on every twenty years. This would be sufficient to cover both the bonds and interest. The figures are from City Treasurer Patches. Of course in behalf of a tax but when it is remembered that exposure to the elements has been doing and will do more damage to the steam roller, the street sweeper, the road grader, and the other machines and implements used by the city than all the wear and tear of actual work; that it will cost \$150 a year to have the police horse boarded at a livery stable and \$150 a year for the board of the city horse; that the city must have one or two more horses for the street sweeper and that they must be taken care of; that there are now no quarters of any description for these horses and machines; that the present fire station is ill located, unsanitary, and totally unfit for the occupancy of human beings or in fact for anything save stables and storage purposes, it would seem that there is still considerable to be said in favor of building this year a new and suitably located engine house.

Here is a sample of the service you can expect from the Cadillac: A Model M light touring car was driven from Janesville to Milwaukee last Saturday, carrying five people. The seventy miles both going and returning were made in four hours without stopping the engine and on the high speed clutch. A forty horse power machine tried to pass the Cadillac on the road near Milwaukee, but was unable to better the Cadillac's thirty miles per hour and had to take the dust. What's the use of paying over \$950 for a machine when you can get this sort of service at that figure. You can't get better service at any price.

PAINS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby is One of Thousands of Cases made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton Street, East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful periods when everything else had failed, and I gladly recommend it to other suffering women."

GIBBS' LAKE.

Gibbs' Lake, May 7.—E. Hill and family and Will Taylor and wife of Janesville were Sunday guests of Joe Wheeler and family.

Mr. and Mrs. J. J. Lackner were visitors at Will Dixon's Sunday.

Mr. and Mrs. Adolph Kraus and baby were Sunday visitors in Whitewater.

John Lackner, Paul Kraus and Chas. Brauks were in Whitewater Saturday evening.

Malt Gives Beer High Nutrition

Eight-Day Malt, Exclusive Product of an American Brewery, Makes the Richest Beer.

Malt is the life of beer. Our readers understand, of course, that in brewing beer the first thing to do is to make the malt from which to make the beer. The richer the malt the more nutritious, the more wholesome the beer. Pabst learned years ago that the forced method of making malt in three or four days could not possibly be accomplished without losing in large degree the life-giving, strength-giving elements of the barley. Most brewers use this old process. It is quicker, easier and less expensive. The Pabst way gives the full richness of the grain to the beer. It doubles the expense of brewing, but it makes Pabst Beer the leader of all beers.

Pabst Beer is the richest beer in actual food value and strength-building elements because it is made only with Pabst eight-day malt. Careful test, practical experience in brewing always with an eye single to the very best product possible, has taught Pabst that malt made of grain grown in this country must have eight days in which to properly mature. Malt perfect in nutritious elements can only be made by following the process of Nature without crowding, and that is what Pabst does. He makes his own malt by an exclusive eight-day process, double the time and double the expense of the common four-day method. This Pabst process gets all the good out of the barley and into the malt. No other process does.

Pabst eight-day malt, made from finest barley, grows as naturally as it would if put in the ground, moistened by the rain and warmed by the sun. Nature abhors waste and in the eight-day process there is no forced, unnatural growth that wastes food elements of the grain. The result is a beer that has the greatest food value, the greatest tonic value, yet is mild and pleasant, superior in taste and flavor, perfect in age, purity and strength. This is Pabst Blue Ribbon Beer, the best beer brewed.

MANY AILMENTS—ONE CURE
All of the ailments which arise from one cause can be cured by one remedy. Dr. Suggs' Tonic and Restorative will cure any disease which arises from weakness of the inside nerves. Its action is to bring back the life force to the nerves and keep you living. It brings back health and strength by restoring the nerve power that makes all vital organs act. It is the only remedy that treats the cause and cures the inside disease. For sale and recommended by PEOPLE'S DRUG CO. AND KING'S PHARMACY.

Very Low Rates to Des Moines, Ia., Via the North-Western Line. Excursion tickets will be sold on six dates, May 14, 15, 16, 17, 21, 22, limited to return until May 31st, inclusive, on account of General Assembly, Presbyterian Church. Apply to agents Chicago & North-Western R'y.

ALLEGES RATES ARE UNFAIR
Minor Case Develops Into Importance Enough to Be Heard by Full Commission.

St. Paul, Minn., May 8.—What was apparently a hearing of little significance before an interstate commerce commissioner at the federal building Monday developed into such importance during the progress of the testimony that E. A. Prouty, representing the interstate commerce commission, announced that the hearing would have to be before the full commission at Washington.

It developed at the hearing that a readjustment of the flat wheat rate to Chicago from Goodhue so as to put it on a parity with the Redwing rate would necessitate a lowering of rates along the railroad systems in southern Minnesota and to a distance of 100 miles south of the Minnesota boundary in Iowa. Officials of the railroads declare that it would mean millions in loss of annual revenues, besides throwing out of equilibrium a system of rates which has been constructed and evolved after years of experience and adjustments.

The essence of the complaint is that Redwing, seven miles farther from Chicago than Goodhue, enjoy a local grain rate of 2 1/2 cents to Chicago, while Goodhue people are forced to pay 15 cents. It is claimed that Redwing in reality ships out most of its grain to Chicago on the millings in transit rate from Minneapolis of ten cents making an actual difference in the freight rates of five cents in favor of Redwing, and against Goodhue.

Hoppe Defeats Cure.
Chicago, May 8.—Willie Hoppe, the 181 champion of the world, defeated Louis Cure, of France, in the opening game of the 182 balk line billiard tournament, 500 to 290.

Death in Election Fight.
Paris, May 8.—A man was stabbed to death Monday in an electoral disturbance at Deulon, near Nantes.

Home-seekers' Excursion to the North-west, West and Southwest

THE CENTAUR COMPANY, NEW YORK CITY.

20 MULE TEAM BORAX
In the Laundry In the Kitchen In the Toilet and In the Nursery as a Cleanser and Purifier Is Effective Yet Absolutely Harmless
Cleans the most delicate fabric without injury, and leaves the hands soft and white. All dealers. Free sample and illustrated booklet for 5c. in stamps. Address Pacific Coast Borax Co., Chicago, Ill.

BABY'S VOICE
Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe! Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of **Mother's Friend**, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain.
Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address: **BRADFIELD REGULATOR CO., Atlanta, Ga.**

FREE PALMOLIVE
(FULL SIZE 10-CENT CAKE)
PALMOLIVE

The finest and best toilet soap manufactured. You have seen it advertised in Ladies' Home Journal, Delineator, Woman's Home Companion, Ladies' World and many other publications.

Shows a Fine Spirit. Madison Journal. In the announcement of his platform Gov. Davidson says he will make no war on the other candidates, will cheerfully abide by the result of the primaries and

heartily support the winning ticket. That shows a fine spirit and will tend to strengthen confidence in him. The announcement is dignified in tone and has the mark of evident sincerity.

DR. SHALLENBERGER,
The regular and reliable Chicago Specialist, will be at **Myers Hotel, Friday May 11th**
JANESVILLE, WIS.
(One day only). Return on every 28 days. Office hours from 8 a. m. to 4:30 p. m.

MOTHER'S FRIEND
Cures permanently the cases no undertakes and sends the incurable home, taking a fee from them. This is why he continues his visits year after year, while other doctors have made a few visits and stopped. Dr. Shallenberger is an eminently successful specialist in all chronic diseases, proven by the many cures of chronic cases which have baffled the skill of all other physicians. His hospital experience and extensive practice have made him so proficient that he can name and locate a disease in a few minutes.
Treats all curable cases of Catarrh, Nose, Throat and Lung diseases, Eye and Ear, Stomach, Liver and Kidney, Gravel, Rheumatism, Paralysis, Neuritis, Nervous and Heart diseases, Blood and Skin diseases, Epilepsy, Bright's Disease and Consumption in early stages, diseases of the bladder and female organs, Liquor and Tobacco habit, Stammering cured and snoring cured to prevent its recurrence given. A never-failing remedy for Hic Neck.
Piles, Fistulae and Rupture guaranteed cured without denudation from business. Special attention given to all Surgical cases, and all diseases of the Eye, Ear, Nose and Throat.
Glasses fitted and guaranteed. Granulated Glass, Cataract, Cross Eyes straightened without pain.

NERVOUS DEBILITY.
Are you nervous and despondent; weak and debilitated; tired mornings; no ambition—lifeless; memory poor; easily fatigued; excitable and irritable; eyes sunken, red and blurred; pimples on face; dreams and night losses; less, haggard looking; weak back; deposit in urine and drainage of stool; distrustful; want of confidence; lack of energy and strength?

Sexual Weakness and Private Diseases a Specialty.
Blood Poison, Syphilis, Gonorrhea, Stricture, Gleet, Spermatorrhea, Varicocele, Hydrocele, Seminal Weakness and Gold morbidly, Emission of Excess, Protruding Emissions, Debility, Nervousness, Dizziness, Defective Memory, etc., which ruins mind and body, positively cured.

WONDERFUL CURES
Perfect in old cases which have been neglected or unsatisfactorily treated. No experiments or failures. He undertakes no incurable cases, but cures thousands given up to die.

Consultation Free and Confidential.
Address,
DR. W. E. SHALLENBERGER,
145 Oakwood Blvd., Chicago, Ill.

HOW MINT WAS SAVED

Devoted Band Fought Flames For Seven Hours.

STRUGGLED IN FLOODS OF AID

Men Were Driven Below, but When the Flames Substided They Returned to the Roof—Employees and Soldiers Near Death While Saving Over \$100,000,000.

Saving of the United States mint at San Francisco, which is the marvel of all who know how the fire-raged about it, goes to the credit of forty brave mint employees and a company of coast artillerymen, says a special dispatch to the New York Press. The mint, alone of all the buildings in its district, was spared destruction, and it now stands alone in a district of black ruin. It is damaged, but in its treasure vaults its one hundred millions of specie lie safe.

The mint did not merely escape burning. It was saved at the risk of life itself by the corps of defenders, for they were for hours surrounded on all sides by fire so widespread that not a man could have escaped alive if the mint too had burned. With flames that often shot 200 feet pressing on all four sides, and frequently sweeping clear over the building, the men fought in floods of sulphuric acid to, as one put it, "snatch the building safe from the jaws of hell."

More than \$100,000,000 in coin and specie are stored in the vaults of the mint, and for the preservation of this prize the guards fought for seven hours continuously a sea of fire surging around the mint all the time and the garrison cut off from retreat for hours at a time.

Harold French, an employee of the mint, recently gave a graphic account of how the flames were successfully fought off from the old granite building at Fifth and Mission streets.

"After the fire had swept past the Mission street side and the certainty of its returning from the north became apparent, Captain of the Watch Laws ordered everything on the roof that would burn thrown into the yard. Soldiers and mint employees worked with utmost haste, throwing great timbers and tank staves into the court. Fire was thirty tanks of blue vitriol, the surfaces of which were soon covered with debris, into which increasing showers of cinders fell. Fortunately the mint possesses a good well, and Brady, the engineer, pumped water to the fire fighters assembled on the roof.

"As the fire swept up Fifth street the heat increased to a dangerous degree as one by one the Metropolitan hall, and the historic Lincoln school burst into flames, reinforced by the roaring furnace of the Emporium. On the west the block bounded by Sixth and Market streets on the north gave the gravest concern, for from this quarter the fire was certain to rage in its fury. Fanned by a roaring northerly wind the flames roared through the structures stretching from the Windsor hotel to the Emma Spreckels building. Sheets of fire 200 feet high licked up the intervening houses in mint avenue. Augmented by these tinder boxes the blast of the fire burst fiercely on the northwest corner of the mint.

"A few desperate fighters under former Fire Chief Kennedy of Oakland were driven from between the towering chimneys, where the determined men had been throwing buckets of water upon the blazing roof over the gold refinery, which was on top of the copper roof of the mint. It is largely due to the experience of former Chief Kennedy that the tar covered roof, the weakest spot of all, was saturated with sufficient water to stay the flames.

"When the fire leaped Mint avenue in solid masses of flame the refinery men stuck to their windows as long as the glass remained in the frames. Seventy-five feet of a one-inch hose played a slender stream on the blazing window sills, while the floor was awash with diluted sulphuric acid.

"Ankle deep in this soldiers and employees stuck to the floor until the windows shattered and the inner walls began to burn. Blinding and suffocating smoke forced them to abandon the hose and retreat to the floor below. Down in the treasure vaults artillerymen, armed with blanket rolls and leaning on their rifles, coughed in the struggling smokes. Then came a fall, the walls of a dozen brick buildings across the street had fallen in. There was yet a fighting chance, so back to the upper story the firefighters returned, led by Superintendent Leach, who, by example and words, encouraged his men to extinguish the blazing inner woodwork of the refinery.

"The roof was next swept by a hose, cooling the copper sheathed surface until it became passable for wet, acid soaked feet. An army officer, as in hand, tore up sections of blazing tar roof, beneath which a stream of water was directed. At length, as dawn drew near, the mint was pronounced out of danger.

"The mint presents a scorched and glassless front on the north and west, and the towering smokestacks are to be torn down, but the building is intact and the plant is unharmed and ready for a resumption of work."

How Earthquake Aided a Farmer. As a result of the earthquake Steven Davis, a farmer of Columbus, Ind., has an artesian well spouting thirty feet high on his place, says a Columbus special dispatch to the Chicago Record-Herald. The well had been drilled 300 feet without getting a flow of water up to quitting work Tuesday evening, April 17. Next morning, after the earthquake, the well was spouting and has continued so since.

No widespread or even general disease is reported among live stock, though the condition of farm animals is not generally good, possibly attributable to the poor quality of last year's hay crop.

TELEGRAPHIC BREVITIES.

The house authorized the Minnesota, Dakota & Pacific Railway company to construct a bridge across the Missouri river.

Land is granted to the state of Minnesota, in the house bill, to be used as a site for the construction of a sanitarium for consumptives.

The house passed a bill providing for the disposition under the public land laws of the lands in the abandoned Fort Shaw military reservation, Montana.

The condition of Gov. Gen. Doubasoff, whose life was attempted by a bomb thrower on Sunday, is good. The services of a surgeon have not been necessary.

High praise is bestowed on Lieut. N. Freeman, Ensign Bertholf and Midshipman Pond of the navy for the efforts they made in fighting the flames on the San Francisco water front.

Five boats cleared from Buffalo for upper lake ports with nonunion men in the places of the striking mates, Bremen and others. None of the 2,350 bushels of grain afloat was elevated.

E. R. Stackable, collector of customs at Honolulu, has sailed on a six-months' leave of absence, during which he will visit the Azores and Italy, for the purpose of securing immigrants to supply the demand for labor.

Stephen Decatur, father of Stephen Decatur, Jr., who was dismissed from the naval academy at Annapolis for laziness, had a talk with Acting Secretary Newberry in behalf of his son, whose reinstatement he seeks.

The convention of the Amalgamated association at Cincinnati, had as its guest M. C. Murray, national president of the Farmers' Educational Cooperative union. This organization aims to acquire control of tools and machinery by the workers direct.

The alleged graft case against John M. Weisenthal, a former supervisor of South Milwaukee, was nolleed. It is said the case was one of mistaken identity and that the man against whom the indictment should have been returned committed suicide recently.

Eugene N. Foss, of Boston, vice president of the Reciprocity league, is in Berlin to study the reciprocity situation from the German standpoint.

President Roosevelt signed the bill recently passed by congress providing for a delegate in the house from Alaska.

Mutual Life Election. New York, May 8.—The following new members were elected by the board of trustees of the Mutual Life insurance company: Nathaniel Thayer, of Boston; Hugo Barling, Louis Stern and Charles M. Brown, of New York; George P. Miller, of Milwaukee, and Leroy Sprague, of Lancaster, South Carolina.

Prepares for Hague Meet. The Hague, May 8.—Although it is as yet not certain that The Hague international conference will meet the present year, Foreign Minister Hanoma is asking parliament for an immediate vote of \$18,750 for the reception of the delegates to the conference.

Girl Slayer to Face Court. New York, May 8.—The trial of Josephine Terranova, which was also to begin was postponed for a few days upon request of the district attorney's office. The girl is charged with killing her uncle, Gaetano Riggio, and his wife.

BASEBALL RESULTS.

Hummel Trial Is Postponed. New York, May 8.—The trial of Abraham Hummel, the lawyer, on a charge of subornation of perjury, which was scheduled to begin Monday was postponed until May 21 on motion of District Attorney Jerome.

Police Seize Bombs. Barcelona, Spain, May 8.—The police Monday discovered an anarchistic conspiracy. There have been 16 arrests and eight bombs have been seized.

SPARKS FROM THE WIRES. The national convention of the Commercial Telegraphers' Union of America has opened at Cincinnati, O. Mayor Dempsey gave the principal welcome speech.

The triennial supreme meeting of the Court of Honor, an insurance fraternity, is in session at the Hotel Cadillac, Detroit, Mich., with several score of delegates present from different parts of the country.

WISCONSIN CROPS IN BEST OF CONDITION

Report of Secretary True Show the Conditions This Spring Are Good.

The first Wisconsin state crop report for the year, issued by John M. True, secretary of the state board of agriculture, declares farm conditions in this state generally favorable, but not particularly gratifying. The winter has been hard on clover and alfalfa in the southern part of the state, the spring season is late and generous rains are needed to make the ground fit for plowing. There will be a large acreage of sugar beets in Dane and neighboring counties, showing signs of a large output of the new sugar factory at Madison. The acreage of tobacco will be larger. Warm weather is needed for pastures. Farmers who lean to the dairy side are enjoying the benefit of good prices for their products. The tone of the report is generally favorable.

Reports show that in the southern division of the state and in many parts of the middle division during March the ground was free from snow and froze to a sufficient depth to seriously injure the clover crop, especially fields that were cut last season.

Winter wheat was also considerably injured, though this crop is of much less importance than clover.

Fruit trees and shrubbery generally came through the winter in good condition and the prospects are, at date, excellent for heavy bloom upon all varieties.

The season is some ten days later than the last and not all small grain fields are sown in the southern and central divisions of the state, while farm work in the northern division is somewhat more backward. Frequent complaint is made that ground is too dry for proper handling.

More than the usual acreage of plowing was done last fall, and much grain has been put in upon last year's corn and potato fields by use of disc harrows instead of plow.

Pastures are in good condition, and with warm weather will in due time give sufficient feed for stock.

We note that many farmers are inflicting injury both upon their fields and cattle by already allowing their animals to run upon fields just becoming green.

From present indications the acreage of spring sown grains will be equal to that of last year, except spring wheat, which continues to diminish.

The tendency will be to plant a smaller acreage of potatoes than last year, while in the tobacco districts the acreage will be greater.

Sugar beet plantings will be extensively planted, with a large increase of acreage in Dane and other counties tributary to new beet sugar factory at Madison.

Dairy products continue to bear good prices, and this industry will continue to grow, notwithstanding the serious menace of tuberculosis among cattle in many parts of the state.

From letters of inquiry sent out we estimate the condition of the following crops—100 representing a good normal condition—winter wheat, 83%; rye, 93; clover, 81; timothy meadows, 96.

From the same source we gain the following average of farm prices of products being sold:

Wheat, 75c; rye, 58c; barley, 46c; oats, 28c; corn, 45c; beans, \$1.55; potatoes, 45c; clover seed, \$8; timothy seed, \$1.50; dairy butter, 21c; eggs, 14c; tame hay, \$7.25.

STATE NOTES.

Twenty-five hundred employees of the J. I. Case company of Racine signed and presented a petition to the corporation asking for a half holiday on Saturday and the request has been granted.

Telegrams received from Springfield, Mass., say that William Wilton, aged twenty-five years, one of the best known young men of Racine, was fatally injured in an automobile accident at that place yesterday.

In the declamatory contest of the league composing Menominee Falls, Union Grove, and Wilmet high schools, Ethel Wright of Wilmet secured first place; Ida Bosina of Union Grove, second place; and Stella Hay of Union Grove, third place.

Henry Smith, who claims to be from Green Bay, was arrested at Fond du Lac on the charge of committing wholesale chicken thefts. Farmers have been reporting to the police that their hen roosts were being raided. It is alleged that Smith sold about \$87 worth of chickens.

The case against Ole Johnson of Carnoy, charged with the murder of Emil Johnson in 1901, was dismissed in Judge Breen's court at Menominee, Mich., on motion of Prosecuting Attorney Waite, there being not enough evidence to hold the prisoner. Johnson was not allowed to testify.

After a great deal of uncertainty, the body of a man found near West Salem Saturday night, has been finally identified as that of Frank Koehler, who escaped from the La Crosse county hospital in November. The body could be identified only from the clothing. The family has claimed the body.

The Clark Fuel Saving Device Co. of Portage, has brought twenty-nine separate suits against parties on notes for patent right territory sold. A similar case against G. R. Rice of Waukesha was appealed to the supreme court and the case was remanded back for a new trial on the grounds of erroneous testimony.

The damage suit of Gertrude E. Smith of Racine against the Milwaukee Electric Railway and Light Co. for \$5,000 was settled. It is said that Mrs. Smith was paid \$1,000. Her husband was employed by the defendants.

Similarly Some Men.

You can never make a woman think that the easiest way to make money isn't to buy stocks when they are low and sell them when they are high.—New York Press.

ART SALE TO HELP FRISCAN ARTISTS

Leading Painters of America Donate Works to Raise Fund For Fellow Artists.

[SPECIAL TO THE GAZETTE.] New York, May 8.—A sale of the works of leading American artists for the benefit of fellow-painters who were victims of the recent catastrophe in California, takes place this evening at the American Art Galleries and it is expected a large sum will be realized. Among the prominent artists who have donated pictures for the sale are William M. Chase, Chas. C. Curran, Emil Carlsen, William Sartain and Kenyon Cox. Works of sculpture have been contributed by Augustus Saint-Gaudens, Daniel C. French, J. Gutzon Borglum and other famous sculptors.

LABOR MEETING AT OTTUMWA.

[SPECIAL TO THE GAZETTE.]

Ottumwa, Ia., May 8.—The fourteenth annual convention of the Iowa State Federation of Labor began its sessions in this city today with a good attendance. It is the first time that the coal miners and the railroad men's organizations have joined in convention with the other labor bodies of the state. In addition to the usual amount of routine business the convention will give attention to several matters of general interest to organized labor. One of the most important matters that will be brought up is the question of legislation for an employers' liability bill.

South Carolina I. O. O. F.

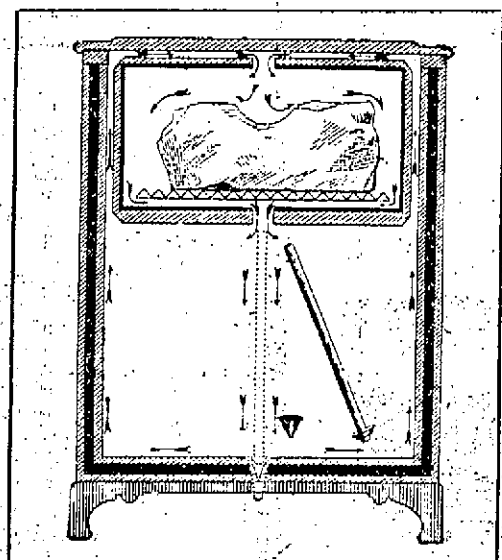

Greenville, S. C., May 8.—Greenville capitulated today before an invading force of Odd Fellows who have come in large number and from all parts of the state to attend the annual grand lodge meeting. In addition to the regular delegates there are fraternal representatives on hand from the grand lodges of Virginia, North Carolina and Georgia. Today the visitors took part in the dedication of the Odd Fellows' orphan home established near this city. The grand lodge sessions begin tomorrow and continue till the end of the week. One of the most important matters to come up for consideration and action is the adoption of a revised constitution.

Railway Foremen Meet.

St. Louis, Mo., May 8.—The annual convention of the international railway general foremen's association began her today and will remain in session until the end of the week. Among the officers of the association are President W. H. Graves, of Alexandria, La., vice-president Elton E. Ray of Cheyenne, Wyo., and Secretary-Treasurer E. C. Cook of St. Louis. The foremen will discuss modern machine shop practice, motive power by electricity and various other matters relating to their department of railroad work.

TIME TO TALK... REFRIGERATORS

You'll need one this summer

Proper circulation of air is what counts in a Refrigerator. It's simply a waste of good money to buy one that is not properly ventilated.

THE ALASKA,

by its perfect system of warm and cold air flues, allows Nature's principle—that warm air rises and cold air falls—to work in a more perfect manner than any other refrigerator built. This is the only principle upon which a refrigerator should be built, and it is this point, together with the fact that it is economical in the use of ice, that has enabled the ALASKA to stand the test and meet and beat all competition for nearly thirty years.

Over 700,000 satisfied customers have bought and used ALASKA REFRIGERATORS during that time.

Price, - from \$10 to \$60

SHELDON HARDWARE CO.

WHY PAY \$5.00 and \$5.50 for ..Cushion Sole Shoes..

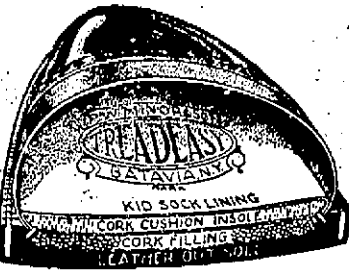

When the same may be had from us—guaranteed to be the equal in every detail of the above priced shoes for \$3.50 per pair.

THE TREADEASY----HEALTH SHOE.

FOR WOMEN has no equal, built on the most advanced ideas of science.

Ask your doctor about them; he knows; he will tell you digestion will

be better and your sleep sweeter if you relieve the nerve centers of the countless thousands

of jars the ordinary shoe transmits to them every day. All walks are alike to TREADEASY. Whether you walk on the hard city pavements or on nature's carpet of grass, you'll feel the same springy rebound at every step—the same cool even pressure on every part of the sole. Full pure gum rubber heels, hand process of construction strictly, per pair

\$3.50

D. J. LUBY & CO.

J.M. BOSTWICK & SONS.

Important Silk Offering

3000 yards of plain and fancy silks for waists or dresses. The styles are figures, stripes, checks, in taffeta, Louisine, and surah.

The plain is a 22 inch *peau de taffeta*, light but strong. The checks are very popular for shirt waist suits. All colors, light, medium and dark effects. Values 75c to \$1.00. We consider these silks the *very best* ever sold for our price. 48c

Other Silks...

People cannot get around acknowledging that The Big Store's silk department is a wonder for a city of Janesville's size. Simply a wonder. Always something new to see here.

Cheney Brothers Silks in large variety. Their new *pompadour silks* in delicate shades, small and large flowers and dresses, for evening wear or fancy gowns, and lovely *crepe pompadour* in navy blue with white dots, 24 inch—85c and \$1.00.

Cheney Nub Pongee for suits. Navy, green, mode, brown, Alice blue. An excellent silk for wear. Makes such serviceable dresses \$1.00 for children. 30 inch. Chiffonette is very new, something like chiffon but has more body; drapes so gracefully, and wears well. An ideal fabric for evening wear. Comes in delicate shades; 23 inch. 85c

Our 75c Taffetas...

We show probably 100 colors of 19 inch taffeta silk, and can safely say that it is the best quality made for the price. We recommend it for lining or dress purposes as being thoroughly reliable. No better quality is sold in Chicago for 90c to \$1.00.
